This is a quick snapshot of what you need to bring for the Cardboard Fun Event on January 18. The activity will be Farm Themed and involved creating a farm using cardboard. We will have lots of examples and provide some loose guidance so that Sparks and Ember Units will create little farm “plots” out of cardboard.

Please share the SG.1 with your parents so they know the details of the event. Add in your contact information at the bottom before sending.

You need Green Ratio - 1 Adult to every 8 Sparks/Embers with a minimum of 2 Guiders.

Cost covers materials, a snack and a crest. You will be charged based on your final number at the event after the event.

We ask that Guiders Bring the following

- Empty rubbermaid bin(s) or large box to collect your unit's jackets at the event. We will tuck these out of the way but this helps us keep the space clean and organized in the midst of chaos.
- Copies of H.1 and H.2 health forms for your unit.
- Indoor shoes and a water bottle for yourself
- A couple extra snacks just in case.
- Your unit Scissors, Glue and markers - we will have some but not one for every Spark/Ember. Please label all your materials.
- **The filled out Unit List with everyone, adult and youth member, on that list, printed out to hand in at sign in.**
- Guiders should know who in their group doesn't have a signed Image Release - we will ask before taking photos.

Schedule the day of:

8:30am - Guiders Arrive and Sign in

9:00am - Sparks and Embers Arrive

9:15am - Instructions and break into the individual rooms to start building their farm.

11:15am - Collect unit gear and then we'll do a farm tour and small closing ceremony

12:00pm - Sparks and Embers get picked up

We kindly ask that Guiders anticipate to stick around to help us clean up before the next session starts.

*Snack will be given out at the start of the event to each unit to hand out when they see fit during the working time based on how their units are doing.

**Please note that units may be paired up with another unit for farm creation just due to space restrictions and depending on unit size.

On the SG.1 we are asking each Spark/Ember to bring:

- Indoor Shoes
- A water bottle
- Wear clothing that is suitable for crafting with glue and some paint.
