

*** Our location can be found in Google Maps under Engstrom Lake Scout-Guide Camp ***

Plan your time so you are driving past the landfill 45-60 minutes before your camper's scheduled start time. This will give you the perfect arrival time. Reset your odometer as you pass, for further assistance.

- Turn onto highway 881 (14.5 km from landfill)
- Drive past Anzac.
- You will come upon big white domes on the left of the road. You are now 5.3km away from the turnoff to camp.
- Drive PAST the Surmont One turnoff.
- You will drive down a large hill, and over Meadow Creek Bridge. Ahead of you is a MASSIVE hill.
- At the top of the hill, there is a small side road to the right you will drive past.
- Next you will come to a sign that says "Surmont Access →" (see pic). That is the road you want. If you set your odometer at the landfill, it will read 63.5km.
- You will need to check in with security and wait where they direct you (see pic).

A Guider will come out and lead vehicles to camp, 10-12 at a time due to limited parking space.
